

Thank you for your interest in playing at our place.

At the STATT-CAFÉ regular events are held every Monday - all other days, we tune our concerts with the neighboring culture forum to avoid a mutual interference and achieving a double occupancy of synergy effects.

We offer:

A well-established event location with club atmosphere in the middle of Kiel's city centre with parking spaces in the backyard and an average attendance of 80 listeners.

Here handmade music is presented and face to face performed to the public.

We take care of advertisement, a clean sound and delicious catering - - we can't offer an accommodation - one nearby and cheap way (5 min. walk), you'll find some under [www.cityhostel-kiel.de](http://www.cityhostel-kiel.de).
